THURSDAY, JANUARY 31, 1980

BELLE GLADE — PAHOKEE, FL.

## ST. PETER'S LUTHERAN CHURCH & SCHOOL

**THE FIRST \$3,000** of the \$45,000 needed to make the down payment on the old St. Peter's Lutheran Church and School as the new headquarters for the Glades Area Association for Retarded Citizens (GAARC) was recorded Wednesday when GAARC Chairman Sandra Chamblee painted in the thermometer up to the amount. Watching

Mrs. Chamblee are, from left, the Rev. J. B. Adams of St. John's Baptist Church, the first church to donate more than \$100, GAARC Director Tricia Blash and Lynn Chamblee, who won two tickets to see Carol Burnett and Burt Reynolds perform at the Burt Reynolds Theater in Jupiter.

## Michael York named to staff

Belle Glade native Michael York recently joined Hammell Newspapers as an advertising representative and will be calling on clients on behalf of the Herald-Observer, the Lake Leader and the Lake Shore Shield in the Pahokee-Belle Glade-South Bay area.

York is the son of Earl and Greadle York. He is a graduate of Christian Day School and holds a

bachelor of science degree from Palm Beach Atlantic College in business administration.

He is married to the former Donna Lynn Wright of Pahokee and his son, Jeremy Michael, was born the day he assumed his new post with Hammell.

York came to Hammell directly from a position of administrative assistant to Robert Sanders, the

city manager of Belle Glade, when his position was eliminated in a budgetary shuffle of Sanders' office.

He also has experience as an insurance agent and as an employee with Bank of Belle Glade. During his years at Palm Beach Atlantic, he was employed as a pressman at Durkee Printing Co. in West Palm Beach.

## Deputies investigate death

SOUTH BAY—Sheriff's deputies were seeking information this morning on the recent whereabouts of a man found Wednesday floating in the North New River Canal.

Sheriffs Detective Kenneth Welty said this morning the body of Addie Johnson, 40, of Pigeon Quarters had suffered

"some kind of a head wound" and foul play is suspected.

Welty said Johnson was last seen about 3 a.m. Jan. 26 and anyone who has any information about him between that time and Wednesday should contact him or Detective William Brown.

"The information we have so

far," Welty said, is that he was a very quiet type of person and he had no police record. We're going to need help on this one." He said an autopsy had been scheduled for 1 p.m. today, at which time more information may be available.

Welty said Johnson was a tractor driver for Billy Rogers Farms.

MICHAEL YORK

## Tom Adams qualifies in South Bay

SOUTH BAY—Thomas P. Adams qualified Friday for his fourth attempt to gain a seat on the city commission during the Mar. 4 city election, becoming a candidate in the Group One race for the seat now occupied by Commissioner Ray Sullivan.

Adams, 24, of 270 N.W. 11th St., said he is running on a platform of being a candidate for a new commissioner during a new decade. He is a truck driver for Gulf + Western.

"I'll be running for about the same things I've run on before," he

said. "I'm concerned about getting better water, sewage and recreation services offered by the city and I'd like to see a small library and to see street signs erected."

Adams said he would also like to see the merchants of South Bay get together and form a Chamber of Commerce.

"We're starting a new decade," he said, "but I really don't see as much change now as we had during the last decade. We have a small community but it's a good community and we can make it better."

Adams said he hasn't seen the

leadership on the commission and said it's time new blood was elected, which could start effecting the changes he sees, as needed to improve the community.

"This is the fourth time I've run for office," he said, "and I'm going to make good my pledge from the first time. If it takes ten years for me to make it on the commission, I'll run for ten years. I've been living in South Bay all my life now and I haven't seen much change. The rest of the world is passing us by."

"I'd like to combine the busi-

nesses and the residents in town to make a better community as a whole," he said.

Adams was the second person to qualify as a candidate in the Mar. 4 city election. The other candidate is Howell Goodbread, who qualified to run for the Group Two seat now held by incumbent Mayor-Commissioner Billy Wells.

Sullivan said earlier he intends to run and Wells said recently he was still considering the decision. City Clerk Virginia Walker said Tuesday

see Election, 10A

## Glades General Hospital board is challenged

BELLE GLADE — The right of the Glades General Hospital Board of Trustees to appoint physicians to the medical staff without the approval of the staff members was challenged Tuesday night in what often became a heated meeting between trustees and physicians that ranged over a variety of subjects.

Dr. Luis Guerrero, newly elected chairman of the staff's credentials committee, stopped short of saying he doesn't believe Dr. Patrick Riordan and Dr. Richard Thomas were legally appointed to the staff on Dec. 26 by the trustees but said the trustees "may have been poorly advised" and the issue, "may have to be answered in court."

The credentials committee was the recurring subject of discussion in a meeting of the Joint Conference Committee, made up of three trustees and three physicians, which took up such diverse subjects as:

- Whether or not any physician's assistants would be allowed any privileges in the hospital.
- Whether members of medical staff are involved in a malpractice lawsuit now pending against the hospital and Dr. Richard Thomas, the hospital's newly appointed emergency services director.
- Under what circumstances emergency room physicians would be allowed to assist in operations.
- An accusation by Dr. Guerrero that the medical staff, "has been overpassed in every major decision (at the hospital) for the past year."

The credentials committee became controversial in December, before new members including Dr. Guerrero were named this month. The board of trustees asked the committee the first of October to consider Dr. Riordan and Dr. Thomas for appointment to the staff.

According to the by-laws of the hospital, the credentials committee is supposed to consider applicants to the staff and report the applicants to the staff as a whole, from which a recommendation is expected to the trustees within 60 days to accept or reject

the applicants or ask for more information.

The committee reportedly found nothing wrong with Dr. Thomas' application and asked for more information on Dr. Riordan's education and training, which Hospital Administrator Patrick Lennon said was supplied within 48 hours.

When no action had been taken by the staff at the end of November, the trustees directed Lennon to request, in writing, some action on both by the trustees' Dec. 26 meeting.

No report was received at that meeting and the board, acting on the advice of Hospital Attorney Robert Mathews, appointed the two physicians to the staff.

Dr. Guerrero and Dr. Soto said Tuesday night they still would like to find out more about Dr. Riordan's background. Dr. Soto said Dr. Riordan hadn't accounted for the year, 1978.

Dr. Riordan was on hand for the meeting to make several complaints. He told Dr. Soto he would meet with the committee and answer any questions on the condition he could ask questions about other physicians.

"I'm concerned," Dr. Riordan said, "that the credentials committee has become a power block that's going to harass certain physicians instead of acting out of medical interests."

Dr. Guerrero and Dr. Soto denied that was the case but Dr. Riordan went on to say that, unlike Glades General, other hospitals he's been associated with in the past have not had credentials committees without a board certified physician on the committee.

Dr. Soto and Dr. Guerrero said there was no such requirement and it isn't uncommon to have a committee with no board certified physician.

Dr. Riordan also said he didn't think it was right that he was being required to supply information to the credentials committee on his background that hasn't been required of other physicians.

He was referring to the fact that the University of Havana refuses to supply

# BACKTALK

Backtalk's question this week is, "If the military draft is reinstated, do you think women should be drafted?"

## NO PHOTO

Mrs. T. Ed Jurgess, Belle Glade—Yes. For everything except combat. I have a daughter of draft age. I'm not for ERA. But I don't think women would mind doing the things needed to save the country.

Myrtice Johnson, Belle Glade—That's a hard question. I imagine so, from about 18 to 30. It might get some of the bad children off the streets. They're just running up and down the streets and they could be doing something for their country.

Sgt. David Estes, Palm Beach Sheriff's Deputy, Belle Glade—No I'm not in favor of it. I don't think it's the place for women. I spent some time in the army and it would have been a lot worse with women around. If they want to make a special women's corps-like the medical or Red Cross-but general army, no, not in the fighting force.

Oscar Schwarzenberg, South Bay—I think if they want equal rights they should be drafted too. They could be used as office clerks and let the men go to battle. I think if men have to serve women should have to, too.

LeNelda Allen, Belle Glade—I'm for having the opportunity to join but they shouldn't be drafted.

# Opinion

## Cowboy after O.S.H.A.

# Nurse shortage solution sought

The shortage of trained nurses, not only in the Glades but across the state and nation as well, came up twice during the past week as reason needed services are being

## Yes to road bond

Palm Beach Countians; and that includes us redheaded stepchildren in the Glades, would do well to heed the advice of State Representative Tom Lewis and favorably consider the \$187.5 million county road bond issue when they go to the polls Mar. 11.

Granted, only two of the 42 road construction projects slated to be completed with funds raised by the bond issue would be in District Five (the Glades) but we would directly benefit from the SR80 projects east of 20 Mile Bend to Military Trail, which fall in County Commissioner Frank Foster's district.

The two projects west of 20 Mile Bend would be the fourlaning of SR80 from 20 Mile Bend to where the relocated SR80 intersects with US98, leaving the state only Phase Two of the project of paving the highway from Hooker Highway to that point, and the reconstruction of three miles of Airport Road, another badly needed project.

The fact of the matter is, as Lewis and Senator Phil Lewis pointed out in the Legislative Delegation hearing here Friday, the state is running awfully low on road construction funds.

The only funds the state has available for road construction comes from 12 cents per gallon tax on gasoline and that money is actually decreasing because the skyrocketing price of the precious fuel is making drivers conscious enough to cut down on their driving and gas consumption.

There are federal funds, of course, but they're largely based on a matching formula with state taxes.

The county already has an unmet need for \$385 million worth of road construction and if those roads are going to be built, it's becoming increasingly obvious the county is going to have to pick up part of the tab.

Nobody likes the prospect of paying more taxes and property taxes are probably more onerous than most but the only logical alternative would be an added penny per gallon gas tax levied in the county to pay for road construction here.

That sounds fine but it would only raise an estimated \$2 million per year, and possibly not even that much with the decreasing fuel consumption.

As attractive as the idea is of taxing the users, that approach simply isn't realistic. It wouldn't even approach the amount needed to do the work required in the county.

The only condition the taxpayers should be sure of is that the state doesn't decide that because the road bond is passed, assuming it does, the Department of Transportation can shift its funds to other counties to handle other projects, leaving Palm Beach County to carry the DOT's load.

Assurances on that score have already been received from Secretary of Transportation Bill Rose and DOT District Engineer William Fowler, and the county is pursuing it further, including making a request of the legislative delegation for the lawmakers' support.

That support has been given but it behooves the county commission to do everything possible to get the same assurances from the governor and the cabinet, preferably before the referendum comes up.

stalled and it was good to hear Tuesday night that an effort is going to be made to relieve the subject somewhat, at least locally.

It has been the lack of nurses, according to Jean Cogar, that has kept the Crisis Stabilization Unit closed since it was otherwise ready since last August.

Miss Cogar, director of the Community Mental Health Center in the Glades, the agency sponsoring the CSU, said the unit needs three registered nurses and three licensed practical nurses before it can open its doors.

She said only one registered nurse has accepted a position with the unit.

The shortage of nurses came up again during a discussion by the Glades General Joint Conference Committee concerning the opening of a cardiac unit for which funds are now being raised by the hospital pink ladies.

Dr. Luis Guerrero said the shortage could possibly mean the opening of the Cardiac Care Unit (CCU) without the personnel to man it.

Dr. J. Allen Baker said, however, he has also talked to Mrs. Jo Knight, president of the Pink Ladies, and Mrs. Knight is interested in coming up with some method of getting some of the retired nurses in the area back on to active duty.

The discussion ended when Glades General Board Chairman Sandra Chamblee said she would ask Board Member Dudley Barnes, Jo Knight, Doctors Manuel Soto, Jorge Fuza and Dr. Guerrero to serve with her on a committee with the aim of solving the shortage problem as well as checking into the possibility of establishing a combined Intensive Care Unit with the CCU as a reality.

At Dr. Baker's suggestion, Mrs. Chamblee also asked Dr. Soto to ask for someone from the nursing staff to work on the committee.

While no specifics were mentioned during the discussion about what can be done to recruit the needed nurses, peer reinforcement would certainly have a bearing on the solution.

Whatever the method, the solution in this case is the important thing and if some of the benefits bleed over to the Crisis Stabilization Unit, so much the better.

Who knows, the solution to the larger state and national problem could come right from the Glades.

## CRACKER CRUMBS

BY DEAN JONES

Oh, it's a great and glorious day when an editor finds a column ready, willing and written for him. This little gem has been lifted straight from the pages of the current issue of the Florida Press Association newsletter. Lay on, McDuff!

**EDITOR'S NOTE:** Editors constantly deal with words that must convey precise meanings. But in light of all that has been said about the inability of young people to read and write properly, future editors might want to consider another line of work. What follows is a list of answers taken from science students' tests in schools throughout the country this country. It was compiled by Mobeever, the newsletter of Alaska Mensa.

Charles Darwin was a n-turalist who wrote the Organ of the Species. Benjamin Franklin invented electricity by rubbing cats backward.

The theory of evolution was greatly objected to because it made man think.

Three kinds of blood vessels are arteries, veins and caterpillars. The dodo bird is nearly decent now.

A thermometer is an instrument for raising temperence.

To remove air from a flask, fill the flask with water, tip the water out and put the cork in quick.

A litre is a next of young baby animal.

The process of turning steam into water again is called converson. A magnet is something you find in a bad apple.

Ammonium chloride is also silly maniac.

The school is ventilated by hot currents.

The earth makes a resolution every 24 hours.

The cuckoo does not lay its own eggs.

To collect fumes of sulphur, hold a deacon over a flame in a test tube.

Parallel lines never meet unless you bend one or both of them.

Typhoid fever may be prevented by fascination.

Algebra was the wife of Euclid. Algebraic symbols are used when you do not know what you are talking about.

Geometry teaches us to box angels.

A circle is a line which meets its other end without ending.

Sound is a rapid series of osculations.

The moon is a planet just like the earth only deadier.

The pistol of a flower is its only protection against insects.

English sparrows and starlings eat the farmer's grain and soil his corpse.

A super saturated solution is one that holds more than it can hold.

A triangle which has an angle is 135 degrees is called an obscene triangle.

For nose bleed: Put the nose lower than the body.

To remove dust from eye: Pull the eye over the nose.

For head colds: Use an agonizer to spray nose until it drops into your throat.

For snake bite: Bleed the wound and rape the victim in a blanket for shock.

## Letter

Dear Mr. Jones:  
I would like to take this opportunity to thank the residents of Palm Beach, Martin, Indian River, St. Lucie and Okeechobee Counties for their generosity during the recent Christmas season.

Over \$43,000 in gifts, food baskets and cash was donated to the Department of Health and Rehabilitative Services staff and volunteers so that our clients might have a better Christmas. These gifts were distributed to our dependent children, youngsters in detention, needy families as well as to elderly adults.

I also want to extend a special thanks to those residents who gave of themselves through volunteering their time and energy. They helped to dispel the isolation and loneliness of those less fortunate who had no one with whom to share their Christmas.

Again I say "Thank You" from all the staff of HRS, District IX, for making this special time of the year a little brighter for many others. Without your help, it would not have been possible.

Sincerely,  
/s/ Walter J. Pines  
District IX Administrator

# Foreign farmers visit Glades area

BELLE GLADE—A group of 27 English farmers and their wives and a Japanese farm management study team took turns at orientation meetings Monday at the Agricultural Research and Education Center here as well as visiting area farms.

The Japanese farmers, all young and recent graduates of the National Farmers Academy in Japan, were the guests of the U.S. Department of Agriculture and private industry and were in the United States for a three-week tour. They were at the AREC from 9 to 11 a.m. and heard talks by Dr. J. M. Good, E. A. Wolf, Dr. V. L. Guzman, Dr. G. H. Snyder, and Dr. J. A. Allen Jr.

The group toured the Duda Farms in the afternoon after a tour of the AREC facilities.

The British farmers reversed the process, touring Duda Farms during the morning and the AREC during the afternoon. Members of that group were the guests and customers of Eddie Horigan, a seed merchant and horticultural consultant in Lancashire and Cheshire, England.

Horigan said he takes a group of

his customers on tour of various farming areas such as Holland and France every year, "and this year, I brought a group to Florida."

He said the tour began last week in Homestead and the group came to Belle Glade from the Orlando area. He said they would be in the area until Wednesday morning.

One of the farmers in the group said most of the farmers raise lettuce, cabbage, other leafy crops, cauliflower and corn, "you'd call it wheat and barley."

He said the farms in the Glades are larger, singly and collectively than the ones in the Lancashire, Cheshire area.

"One of the Duda farms we were on this morning," he said, "would be larger than all the farms owned by this group."

Another farmer in the group said the land in his part of England had been farmed for thousands of years and had been reclaimed from oak forests that had grown there even, longer.

He said the group would split up at the end of the week, with some going on to New Orleans, some to the Bahamas and some returning to England.

BRITISH FARMERS listen to Dr. Victor L. Guzman (with back to camera) explain how a greenhouse at the Agricultural Research and Experiment Center is used to

work with lettuce to improve farming methods in the Glades. Photo by Dean Jones

## Farm Facts

By LARRY SCHWANDES,  
Agricultural Research  
and Education Center

And  
KEN SHULER,  
Palm Beach County  
Agricultural Agent

When we look around us, we see a lot of sugar cane and it all looks the same. Actually, there are different varieties growing here. There were at least 12 different varieties grown in 1979 according to an article entitled, "Florida's 1979 Sugar Cane Variety Census" by G. Kiddor and E. Rice.

It appeared in the sugar journal entitled *Sugar y Azucar* for December, 1979. These 12 varieties accounted for 92 per cent of all sugar cane grown in 1979.

Portion of the Florida Sugar Cane Acreage		
Variety	1979	1978
CP 63-588	39.9	38.4
CP 56-59	10.5	11.6
CL 41-223	8.7	10.6
CL 54-378	6.9	5.7
CL 54-1052	6.5	5.1
CP 85-357	4.9	3.0
CL 54-336	3.9	6.4
CP 61-5	2.7	3.0
CL 55-260	2.6	2.3
CP 70-1133	2.2	0.0
CP 62-374	1.9	2.4
CP 57-603	1.6	1.8
all others	7.7	9.7
Total	100.0	100.0

In 1979, variety CP63-588 was the most widely grown variety for the fifth consecutive year. About 40 per cent of the acreage was used for production. (The total number of acres of sugar cane for all varieties was 333,400. It was 316,500 in 1978.)

This most popular variety, CP63-

588, is a product of the USDA Canal Point Sugar Cane Field Station, the Florida Sugar Cane League and the University of Florida Institute of Food and Agricultural Sciences.

The letters, "CP" is an abbreviation for Canal Point. The number "63" means that they crossed the two parents from which CP63-588 was developed in 1963. This was the 588th cross made in 1963.

The designation "CL" refers to the city of Clewiston, where the U.S. Sugar Corporation also does sugar cane breeding.

It is interesting to see that one of the oldest varieties of sugar cane, CL41-223, was still ranked number three for 1979. According to Kiddor and Rice, in 1970, this variety accounted for 66.4 per cent of all varieties grown in that year.

Some varieties are not being replanted due to their susceptibility to sugar cane smut. One example is CL54-336. It dropped from 6.4 per cent to 3.9 per cent of the planted acreage this past season.

A new variety gaining attention is CP70-1133. Its characteristics are vigorous growth, high tonnage and good subbing ability. It was released in the fall of 1977 and 1979 it is already 2.2 per cent of all varieties grown.

In summary, we can see now that we are surrounded by several varieties of sugar cane. Each one is different. But they all succeed in one thing: they help make the world a little sweeter.

**INVITATION TO BID**  
Sealed bids will be received by Pahokee Water Control District at District Office, U.S. 441, Belle Glade, Florida up to 2:00 p.m. Tuesday, February 26, 1980, at which time bids will be publicly opened and read for the furnishing of all materials, labor, equipment and supplies for:  
**RESTORATION/IMPROVEMENTS TO MAIN CANAL NO. 2**

**PAHOKEE WATER CONTROL DISTRICT PALM BEACH COUNTY, FLORIDA**  
Including necessary important items and in accordance with the Specifications and Drawings prepared by Hutcheon Engineers, Incorporated.  
The nature and scope of this project is: Excavation of muck/silt and marl/rock in the existing Main Canal No. 2 and installation of culverts.

The project herein described shall be constructed for a Unit Price Bid.  
The Bidder will submit, along with his Unit Price bid as Bid Security a certified or bank cashier's check made payable to Owner or a bid bond issued to the Owner in the amount of not less than five percent (5%) of the base bid as a guarantee that the Bidder if awarded the contract will within fifteen (15) consecutive calendar days of the Notice of Award enter into a written agreement in accordance with his accepted bid and furnish the required Performance and Payment Bond satisfactory to the requirements of the Contract Documents and in an amount at least equal to the Contract Price.

All construction shall be carried out in accordance with the Contract Documents which include the Specifications and Drawings prepared by Hutcheon Engineers, Incorporated, 1201 Belvedere Road, West Palm Beach, Florida. Contract Documents, including Specifications and Drawings may be examined and obtained by qualified Contractors at the office of Hutcheon Engineers, Incorporated, 1201 Belvedere Road, West Palm Beach, Florida, or 1281 South Main Street, Belle Glade, Florida upon payment of a deposit of \$50 per set for each set of Contract Documents, including the Specifications and Drawings in good condition within seven (7) calendar days after the date set for opening of the bids.)

Bids requested shall be set forth in the Bid Form attached to and being a part of the Contract Documents. The Contract Documents will not be issued unless received at least 24 hours prior to opening of the bid.

Bids may be modified or withdrawn in accordance to Instruction to Bidders prior to opening of the bids. Bids shall remain open for 60 days after the day of the bid opening.

The Owner reserves the right to reject any and all bids and waive any and all informalities, and the right to disregard all nonconforming or conditional bids or counter proposals.  
**HO 80-15**  
Jan. 31, Feb. 7 & 14, 1980

**LEGAL NOTICE**  
**INVITATION TO BID**  
SEALED BIDS for the furnishing of Chassis and Cab with Rear-Loading Refuse Packer for Sanitation Department will be received by the City of Belle Glade, Palm Beach County, Florida, in Conference Room A of the City Hall in the Belle Glade Municipal Complex, 110 S. W. Avenue E, Belle Glade, Florida, until 11:00 a.m. on Thursday, February 21, 1980 at which time all bids will be publicly opened and read.

Specifications are on file in the office of the City Clerk and available for inspection, and copies thereof may be obtained upon application to said office. All bids must be accompanied by a certified statement indicating that the bid items meet or exceed the City's specifications.

All bids shall be in sealed envelopes addressed to the City Manager, City of Belle Glade, City Hall, 110 S. W. Avenue E, Belle Glade, Florida 33430, and plainly marked on the outside:  
**BID NO. 7-80**  
**BID ITEM:** Chassis and Cab with Rear-Loading Refuse Packer  
**BID OPENING DATE:** February 21, 1980 at 11:00 a.m.

The City Commission reserves the right to reject any and all bids, to waive informalities, and to accept any bid or combination of bids which in its sole and absolute judgement will best serve the public interest.

**HO 80-16**  
Jan. 31 & Feb. 7, 1980

**PUBLIC NOTICE**  
Notice is hereby given that the Citizens Planning and Advisory Committee (CPAC) of the City of Belle Glade, Florida will hold an "initial input" Public Hearing on Thursday, February 7, 1980, at 7:30 p.m. in Community Development Department, 1224 S. W. Ave. E. Place, Belle Glade, Palm Beach County, Florida 33430, for the purpose of:

1. Informing the citizens of the City's intent to file an application for Community Development Block Grant (CDBG) funding for fiscal year 1980-81 under the Housing and Community Development Act of 1977;
2. Explaining the program, its requirements and the timing and approval procedures relating to the applications;
3. Obtaining the views of the citizenry regarding community needs and priorities and receiving public input on how the funds may be spent; and
4. Explanation of how continuing programs will benefit low and moderate income families, prevent and eliminate blight, improve the neighborhood environment and improve community services and facilities.

Citizens will have an adequate opportunity to participate in the development of any revisions, changes or amendments for expenditure of Public Hearing to be held prior to the submission of the final application to the Department of Housing and Urban Development (DHUD) expected on or about May 15, 1980. These hearings are tentatively scheduled for the following dates:

February 7, 1980  
March 10, 1980  
April 14, 1980

## TIRE CENTERS

## Strickland nominated to two academies

**BELLE GLADE**—With an eye toward a career as a military officer, Glades Day School senior Stephen Mitchell "Mitch" Strickland was recently able to hedge his bets by being named as a nominee to both the U.S. Air Force Academy at Colorado Springs and to the U.S. Military Academy at West Point.

Strickland was one of 34 men named as nominees to the three service academies by Congressman Dan Mica and one of 40 named as nominees by U. S. Senator Richard Stone.

"The competition has been really stiff so far," Strickland said, "and it will continue to be competitive. It's all based on a competitive system."

The Glades Day senior said he first started thinking about a military career in the tenth grade and started exploring the various scholarships available, considering the three service academies as well

as other routes.

"I've always been interested in flying," he said. "That's why the Air Force has a better lifestyle and it's better if you're a married man with a family because you can usually take your family with you."

The Army was pretty attractive," he said, "but if you're interested in flying high powered jets, it has to be the Air Force Academy or Annapolis."

Strickland said the Air Force Academy is drawing the most interest among applicants, a point born out by the fact that of the 34 nominees named by Mica, 18 are interested in the Air Force while the rest are split between the Navy and the Army.

But even if he isn't appointed to the Air Force Academy, Strickland said he won't give up on the idea of flying as a military officer, noting there are more pilots in the Army

STEPHEN MITCHELL STRICKLAND

than in the Air Force or Navy, but he said he is particularly interested in getting into the country's aero-space program and that would be easier done through the latter two services.

He said he attended interviews sponsored by both Senators Stone and Lawton Chiles in Tallahassee and Lakeland. He said the competition in Senator Stone's office

## Effort being made to get voters registered

The Palm Beach County Voter Registration Office is making a special effort to register voters for the Mar. 11 presidential primary election and officials will be open Saturday, Feb. 9, the last date for would-be voters to get their names on the rolls.

Supervisor of Elections Jackie Winchester said, "are advised that a new law prohibits them from voting at their old polling place if they no longer live in the precinct."

Mrs. Winchester said they should notify her office, to change their address, by mailing in their old voter registration card with the new address filled in on the back, to 810 Datura St. in West Palm Beach 33401.

A new card with the new precinct and polling location will be mailed to these voters, she said.

"Voters are urged," Mrs. Winchester said, "to send their change of address prior to the closing of the books on Feb. 9 so that their registration will be transferred to the new precinct before election day."

There will be a total of four questions on the ballot which county voters are expected to make decisions on.

The first question is a decision to be made on the presidential preference primary. Secretary of State George Firestone recently announced his office had received a total of four Democratic and nine Republican candidates' names to be included on the ballot.

The four Democrats to be placed

on the ballot are California Governor Edmund G. Brown Jr., President Jimmy Carter, Cleveland attorney Richard B. Kay and Massachusetts Senator Edward M. Kennedy.

The nine Republican voters will decide from among are Congressman John B. Anderson of Illinois, Senator Howard Baker of Tennessee, former Ambassador George Bush, former Governor John Connally of Texas, Congressman Philip Crane of Illinois, Senator Robert Dole of Kansas, Los Angeles economist Benjamin Fernandez, former California Governor Ronald Reagan and former Minnesota Governor Harold Stassen.

Besides the presidential preference primary, Palm Beach County voters will be asked to make decisions on three money problems.

The first money question will be whether homestead exemption for schools should be increased from \$5,000 to \$25,000.

The next is whether the county should float a \$187.5 million road bond issue, which would be sold over the next six to seven years to pay for road construction projects expected to be completed over the next ten years and paid off in 25 years.

The final question is whether the taxpayers are willing to be taxed a half mill, expected to raise \$8 million over the measure's two year lifespan, to pay for needed maintenance at Palm Beach Junior College. College officials say there is \$15 million worth of unmet needs in maintenance, repairs and improvements.

**PAHOKEE ELEMENTARY SCHOOL** Principal, Dr. Harris Blumberg, and Assistant Principal A. E. Hawkins, along with fourth grade students in Mrs. Sue Mead's class planted a black olive tree on the school's front lawn in observance of Arbor Day, last Friday. The Pahokee

Garden Club donated the tree to the school, in memory of Mrs. Cleo Douthit who was a member of the Pahokee Elementary faculty for 41 years. Wetherington Funeral Home donated a plaque which was placed near the tree in Mrs. Douthit's memory.

Photo by Alma Henry

## Bus wreck injures 68 laborers

**CANAL POINT**—A total of 68 farm workers received minor injuries when a United States Sugar Corporation labor bus rammed the rear of another bus owned by the same company and the second bus rammed a third one early Wednesday on US 98, 4.3 miles east of here.

Florida Highway Patrol Trooper

William Burroughs said a total of 171 persons were involved in the three-vehicle crash. Burroughs said the accident happened when the first bus, driven by Winston C. Hamilton of Bryant, stopped for a school bus.

The second labor bus, driven by Odis Steward, also of Bryant, also

managed to stop but the third, driven by Albert Bostic of 264 N.W. Ninth St. in Belle Glade, rammed the rear of Steward's bus, causing it to strike the first one.

Burroughs said he charged Bostic with following too closely. The 68 persons injured were treated and released at Everglades Memorial Hospital.

### CARD OF THANKS

The family of the late Shirlene Agnew Humphrey would like to express their deep appreciation for all the acts of kindness given to them during their time of loss.

Special thanks to Mixson Funeral Home staff and also Officer William Burroughs.

## South Bay woman dies as car plunges into canal

**BEAN CITY**—A South Bay woman drowned Saturday when her husband was unable to pull her from their car after it left Corkscrew Highway and plunged into eight feet of water in a drainage ditch.

Dead at the scene of the accident was Shirlene Agnew Humphrey, 38, of 160 N.E. Second Bay. Her husband, Floyd Humphrey, 46, reportedly told Florida Highway Patrol Trooper William Burroughs he was unable to pull his wife to safety when he got out of the car

through the door on the drivers' side.

Burroughs said Mrs. Humphrey's foot was apparently caught, trapping her in the submerged car. FHP Trooper Ronald Curchiera and Burroughs reported that Mr. and Mrs. Humphrey were driving north when the car left the road and travelled 63 feet before going into the ditch.

Mrs. Humphrey's body was recovered by South Bay Growers employee Donald Scruggs. Funeral services were held Tuesday.

## Indian fair planned

Indians from many tribes throughout the nation will join with the Seminole Tribe of Indians during the Seminole Tribal Fair Feb. 15 through Sunday Feb. 24 at the Hollywood Reservation at U.S. 441 and Stirling Road.

The largest Indian fair in the Southeast is sponsored annually by the Seminoles, not only presents all the different and contemporary arts but permits exchange of dialogue among the many tribes.

The colorful festivities will be on a continuous basis from 10:00 a.m.

thru evening each day.

Some of the activities planned include tribal dances, a fashion show on native designs, music and craftsmen displaying their wares in silversmithing, patchwork sewing, basketry, weaving, doll making, wood carving and many others.

In addition various Seminole activities such as alligator wrestling, the Seminole Princess Contest, archery contest, and canoe races will occur throughout the run of the fair.

## Lady Raiders ranked tenth

**BELLE GLADE**—The Glades Central girls basketball team won three more games over the past week, increasing their unbeaten season record to 15-0 and finally winning a place in the state ranking in tenth place.

With only five more games left in the season, the chances are getting stronger the girls will be undefeated at the end of the year and could wind up meeting the only other undefeated team in the state Class AAA ranking, number two Okesechopee, in the regional playoff game.

Coach Steve Cohen said the girls wiped out Jupiter Monday night in a 96-43 victory, increasing their average game score for the year from its previous 28 point margin of 66-37. In other games, the Lady Raiders beat Suncoast in a 49-27 win before the entire Suncoast student body and got by Martin County in a relatively close 59-33 victory.

Cohen said five girls scored in double figures in the Monday night win over Jupiter and his leading scorer for the year, Joy Burroughs, sat out the game with shin splints. This was the second game Miss Burroughs has been forced to bypass this year, "and I guess this shows we're not a one-girl team," Cohen said.

The game's high score was made by Mary West, with 25 points. She was followed by Jessica Hansford with 24, Gloria Stewart with 18, Cynthia Harrell with 13, Sheila Ashley with 12 and Cassandra Strachan with four.

In Saturday's game against Martin County, Burroughs scored 22 points, followed by Jessica Hansford and Cynthia Harrell with 12 each, Mary West with seven and Gloria Stewart with six. Cohen said the key to the game was defense, particularly as against Martin County's ace scorer, Veronica Parks, who continually found Miss Hansford blocking her access to the basket.

Cohen said he had been worried about how the girls would play in the Suncoast game because they aren't used to playing before large crowds, "and we weren't making too many shots but we made enough to win." Again, he cited the defense as the key to the victory.

Burroughs was once again the leading scorer with 17 points, followed by Cynthia Harrell with

10, Jessica Hansford with seven, Sheila Ashley, Gloria Stewart and Davena Johnson with four each and Mary West with three points.

The girls play Pahokee, ranked number two in the Suncoast Conference West, tonight, Atlantic on Feb. 4 and 14, Clewiston on Feb. 15 and North Shore, the most important game left according to Cohen, on Feb. 11.

# Crusaders make clean

**BELLE GLADE**—The Christian Day School basketball teams made a clean sweep of it Friday when the boys varsity, the junior varsity and the girls varsity won all three of their games during homecoming festivities in the Crusaders' gym.

Although the girls team had lost a 51-33 decision to Clewiston the night before homecoming, their 44-29 homecoming win over John Carroll, who had handed the girls their only defeat before last week,

was enough to get them votes for the first time in state Class A ranking.

The boys varsity team capped off

the night with a low-scoring 51-45 win over Evangelical Christian Day School of Fort Myers and the junior varsity team won an easy 73-51

victory over the Evangelical JV in a game that saw 60 fouls and 73 free throws.

Jesus Armas was the high scorer for the Crusaders, sinking enough shots to make 29 points, picking off five rebounds, assisting for another shot and stealing the ball twice.

He was followed by Kent Davis, who made 12 points, five rebounds, two assists and a steal; Bill Taylor with four points, nine rebounds and four blocked shots; Williams Crews with four points, four rebounds, four steals and two blocks; Alex Hermida with two points and four rebounds; Carlos Soler with two points, five rebounds and one steal and Fredy Alvarez with one and one.

The varsity team now has a 10-7 record and is being coached by junior varsity coach Gus Harmon since coach Kenneth Lassiter went into Everglades Memorial Hospital this week with an inflamed appendix.

The girls' homecoming win improved their season record to 12-2, with the two losses coming earlier this season against John Carroll, their Frida night opponent, and Class AA Clewiston last Thursday.

Joni Davis was the high scorer, making 18 points, 14 rebounds, one assist and three steals. She was followed by Sylvia McCall with eight points, three steals and one assist; Tammy Campbell with three points, eight rebounds and a steal; Lisa Acree with two points, eight rebounds, three assists and two steals and Paula Anderson with ten rebounds.

The leading scorer in Thursday

night's 51-33 loss to Clewiston was Sylvia McCall with 11 points, one rebound, one assist and one steal.

Others were Paula Anderson with 10 points and four rebounds; Joni Davis with eight points, 15 rebounds and one steal and Lisa Acree with four points, four rebounds, three assists and one steal.

The girls only shot 30 per cent from the field, one of the reasons for their low score but that 18 point deficit at the end of the game was misleading since they were trailing by only eight points with three minutes left in the game, giving up five unanswered field goals in those last three minutes.

Coach Harmon said he and Coach Kenneth Lassiter had written a letter Monday protesting the officiating of the junior varsity game, not because they felt it was one-sided but because they felt too many fouls were made on close calls considering it was a junior varsity game.

The last half of the game stretched out to an hour as the officials stopped the game 60 times on foul calls and awarded the two teams a total of 73 foul shots.

Louis Garcia was the high scorer in the game, scoring a season high 28 points in the 73-51 win, along with making 10 rebounds, two assists, three steals and a blocked shot.

He was followed by Tavi Garcia with 13 points, three rebounds, one assist, three steals and one blocked shot; Alex Morales with ten points, four rebounds, three assists and two steals; Stewart Hatton with nine points, one assist and six steals; Warren Armas with four

## NOTICIA LEGAL PUBLICA

El programa de Educación Para Niños de Trabajadores Migratorios (Florida Migratory Child Compensatory Program) tiene el propósito de aumentar las oportunidades educativas para más de 50,000 niños, edades 3-17, en el estado de la Florida.

Esta asistencia es necesaria porque las familias se mudan constantemente los campos agrícolas y en el mar (pescadería). Dado a este movimiento, los niños, obligados se ven a cambiar de escuela a escuela durante el año. Estos cambios interrumpen la continuidad del proceso educativo, con el posible resultado para el niño migratorio de no terminar su carrera escolar.

La Oficina de Educación de Los Estados Unidos apropia fondos que son administrados por el Departamento de Educación del estado de la Florida para mejorar los servicios educacionales para los niños migratorios.

La Oficina de Educación Para Niños Migrantes de la Florida solicita recomendaciones de parte de padres o otras personas o agencias que se interesan en la educación de estos niños. Estas recomendaciones deben ser escritas y serán, consideradas para mejorar el Plan Estatal de 1980-81. Las recomendaciones deben ser enviadas antes del día tres de marzo de 1980.

El plan será enviado a la Oficina de Educación de los Estados Unidos antes del día quince de abril, 1980.

El plan puede ser examinado en los siguientes sitios:

## Mrs. Royal dies

### MARY EMILY ROYAL

**BELLE GLADE**—Funeral services for Mary E. Royal, 92, of 324 S. W. 16th St. were held at the Mixson Funeral Chapel Monday, Jan. 28 with the Rev. Ray Brown, pastor of the Lake Harbor Community Methodist Church, officiating.

Mrs. Royal died Friday, Jan. 25 at Good Samaritan Hospital in West Palm Beach. She was born in Georgia and came to this area 42 years ago from Lakeland. She was a member of the Lake Harbor Community Methodist Church.

"Mother Mary", as she was known to her friends, had been associated with Royal's Department Stores for 46 years.

Survivors include three sons, Crawford F. Royal of Lake Harbor, George Royal Sr. of Belle Glade and Floyd Royal of Clewiston; two daughters, Eula Puckett and Ruth Royal, both of Lake Park.

Funeral services were held at the Mixson Funeral Home in charge of arrangements.

points and one steal; Hugo Matos with two points and a steal; Eoly Ramos with two points, four rebounds and a blocked shot; Tracey Shealey with two points, three rebounds and one steal; Bill Hancock with one point, three rebounds, one assist and one blocked shot; Carey McKee with two points and six rebounds; Ricky McCroan with one rebound and two assists and Robert Echols with one rebound.

All three Crusader teams play again Friday and Saturday. All the teams travel to Jupiter Christian Friday with the JV starting at 5, the girls at 6:30 and the boys varsity starting at 8 p.m.

On Saturday, the girls play Glades Day School at 5 p.m. and the boys will play Moore Haven, with the JV starting at 6:30 and the varsity at 8 p.m. All three games will be at home.

Day School homecoming activities. The queen chosen was Jan Hancock, one of three seniors vying for the honor. Photo by Dean Jones

## Jan Hancock named Queen

**BELLE GLADE**—Jan Hancock was named the homecoming queen at the Christian Day School between basketball games before a packed house at Crusader gymnasium.

Miss Hancock was one of three seniors vying for the title and she and her court were presented to the audience before she was named the winner. She was escorted by basketball player Bill Taylor and was presented a bouquet of long-stemmed roses by First Baptist Church Pastor Robert Atkins and a Crusader cheerleader.

The title of queen were Rita Hidalgo and Tammy Campbell. Teresa Ruiz represented the 11th grade, Lisa Acree the tenth, Kathy Harris the ninth, Kimberly Chamblee the eighth and Angela Miller the seventh.

While the tenth anniversary of the private school was being celebrated inside the gym, alumni from the first nine years were serving refreshments at a table outside the entrance.

## State needs twogator trappers

**WEST PALM BEACH**—Applications are now being accepted for two alligator trapping agent positions for the Game and Fresh Water Fish Commission.

Major Louis F. Gainey, Everglades Regional Manager for the Commission, said the contractual positions are an integral part of the nuisance alligator control program.

Applications are available from the regional office in West Palm

Beach with interviews slated to be held toward the end of February," Gainey said. Certain qualifications, however, must be met before a person can be considered.

"For the two positions available, one in Broward and the other in southern Palm Beach County, applicants must reside in that county to which they would be assigned. They must possess the ability to handle alligators and

supply necessary equipment as well as have sufficient time to respond to the needs of the program."

"In addition, the applicant must not have been convicted of a crocodilian related violation within the last five years."

Interested persons can obtain more information on the applications by contacting the Everglades Regional Office toll free number 1-800-432-2046 or by contacting the Fort Lauderdale office at 524-3125.

# Crusaders make clean

BELLE GLADE—The Christian Day School basketball teams made a clean sweep of it Friday when the boys varsity, the junior varsity and the girls varsity won all three of their games during homecoming festivities in the Crusaders' gym.

Although the girls team had lost a 51-33 decision to Clewiston the night before homecoming, their 44-29 homecoming win over John Carroll, who had handed the girls their only defeat before last week,

was enough to get them votes for the first time in state Class A ranking.

The boys varsity team capped off

the night with a low-scoring 51-45 win over Evangelical Christian Day School of Fort Myers and the junior varsity team won an easy 73-61

victory over the Evangelical JV in a game that saw 60 fouls and 73 free throws.

Jesus Armas was the high scorer for the Crusaders, sinking enough shots to make 26 points, picking off five rebounds, assisting for another shot and stealing the ball twice.

He was followed by Kent Davis, who made 12 points, five rebounds, two assists and a steal; Bill Taylor with four points, nine rebounds and four blocked shots; Williams Crews with four points, four rebounds, four steals and two blocks, Alex Hermida with two points and four rebounds, Carlos Soler with two points, five rebounds and one steal and Fredy Alvarez with one and one.

The varsity team now has a 10-7 record and is being coached by junior varsity coach Gus Harmon since coach Kenneth Lassiter went into Everglades Memorial Hospital this week with an inflamed appendix.

The girls' homecoming win improved their season record to 12-2, with the two losses coming earlier this season against John Carroll, their Friday night opponent, and Class AA Clewiston last Thursday.

Joni Davis was the high scorer, making 18 points, 14 rebounds, one assist and three steals. She was followed by Sylvia McCall with eight points, three steals and one assist; Tammy Campbell with three points, eight rebounds and a steal; Lisa Acree with two points, eight rebounds, three assists and two steals and Paula Anderson with ten rebounds.

The leading scorer in Thursday

night's 51-33 loss to Clewiston was Sylvia McCall with 11 points, one rebound, one assist and one steal. Others were Paula Anderson with 10 points and four rebounds, Joni Davis with eight points, 15 rebounds and one steal and Lisa Acree with four points, four rebounds, three assists and one steal.

The girls only shot 30 per cent from the field, one of the reasons for their low score but that 18 point deficit at the end of the game was misleading since they were trailing by only eight points with three minutes left in the game, giving up five unanswered field goals in those last three minutes.

## Mrs. Royal dies

### MARY EMILY ROYAL

BELLE GLADE—Funeral services for Mary E. Royal, 92, of 324 S. W. 16th St. were held at the Mixson Funeral Chapel Monday, Jan. 28 with the Rev. Ray Brown, pastor of the Lake Harbor Community Methodist Church, officiating.

Mrs. Royal died Friday, Jan. 25 at Good Samaritan Hospital in West Palm Beach. She was born in Georgia and came to this area 42 years ago from Lakeland. She was a member of the Lake Harbor Community Methodist Church.

"Mother Mary", as she was known to her friends, had been associated with Royal's Department Stores for 46 years.

Survivors include three sons, Crawford F. Royal of Lake Harbor, George Royal Sr. of Belle Glade and Floyd Royal of Clewiston; two daughters, Edna Puckett and Ruth Royal, both of Lake Park.

Pallbearers included Mike Royal, Jeff Royal, R. C. Prescott, Scott Royal, Bently Royal and Warren Brown. Burial was in Port Mayaca Cemetery in Martin County. Mixson Funeral Home was in charge of arrangements.

# Hospital

Cont. from P1

information on doctors who attended medical school there. A national clearing-house now affirms such training has been accomplished.

Referring to Dr. Soto's concern that Dr. Riordan's application omits any information on the year 1978, Board Chairman Sandra Chamblee commented she could recall one physician the staff had recommended for appointment when that doctor had an eight-year gap in his background.

There was no action taken on a suggestion by Dr. Riordan that the board should investigate the possibility physicians on the medical staff may have been instrumental in a pending malpractice suit because of fears of competition.

Dr. Soto and Dr. Guerrero assured the board members and Dr. Riordan that wasn't the case.

"There is no physician on this staff," Dr. Guerrero said, "low enough to do this." Dr. Soto agreed, saying he didn't believe any member of the staff is connected with the suit.

Dr. Guerrero said he had become concerned about the possibility the suit might be filed and brought it up during the Dec. 14 staff meeting, without mentioning any names.

Lennon noted, however, that Calixto Casals, the plaintiff's attorney telephoned him the day following the meeting and demanded a copy of the staff meeting minutes. Lennon said he was the only person

present at the meeting who wasn't a member of the medical staff and he hadn't talked to Casals.

Dr. Guerrero said he thought hospital employees have been leaking information out of the hospital for "money under the table." Dr. Soto said it was possible Casals had wanted the minutes without knowing what was in them but on the chance his case had been discussed.

"It's possible I'll run into a blizzard on my way to Wellington tonight too," Lennon replied, "but it isn't very likely."

In still another complaint about the credentials committee, Dr. Riordan told the board members he had attended a Jan. 14 meeting of the medical staff and he and Dr. Thomas had been ejected from the meeting.

Dr. Guerrero and Dr. Soto replied that Dr. Riordan had been asked to leave because he and Dr. Thomas were about to be discussed and the staff customarily excludes anyone being discussed.

Dr. Ahmed Barhoush said that when he was being discussed as an applicant for the staff several years ago, "I felt bad about it but I left," he said, adding this has been the custom for years. He also asked why Riordan had failed to return to the meeting when invited.

"Just because it was the custom doesn't make it legal," Dr. Riordan retorted. "Also, I left under protest and if I had returned, it would legitimize an illegal action."

Dr. Riordan also complained that when

last year's credentials committee asked him to appear to answer some questions, he had done so and no meeting had been held. He said he felt he had discharged his obligation.

Dr. Soto apologized that that had happened and Dr. Guerrero reiterated the action being taken against Dr. Riordan had nothing to do with him personally, that the larger question was whether the board had the right to appoint any physician over the heads of the medical staff.

Dr. Soto also said Dr. Riordan had asked for the floor during the staff meeting before he'd been asked to leave and he'd used the floor to insult him and other members of the staff.

Dr. Guerrero said Dr. Riordan was attacking the staff as a whole and said he would wind up antagonizing the entire staff.

In a side issue, Dr. Riordan said he'd understood it was incumbent on members of the staff to consult on cases when they were asked to do so. He said he'd asked Dr. Soto to consult with him and Dr. Soto had refused.

Dr. Soto said he'd refused because Dr. Riordan doesn't have malpractice insurance coverage and he would be totally liable. He asked Dr. Riordan if he has coverage and Dr. Riordan refused to answer.

Out of that discussion came a motion to require all physicians practicing at the hospital to supply malpractice insurance.

Board Chairman Sandra Chamblee asked

Dr. Soto and Dr. Riordan to get together to resolve the questions about Dr. Riordan's credentials.

In another area, Dr. J. Allen Baker requested clarification on whether physician's assistants would be granted hospital privileges. He said he has employed a man in that role but said there was no point in maintaining the employment if the hospital won't grant him privileges.

Dr. Guerrero said he was against granting such privileges and levelled charges that a former assistant to Dr. Baker had taken actions he wasn't qualified to handle, including taking a patient's medical history without the patient being present, and delivering his own wife's baby.

Dr. Baker said the assistant had happened to be present at the time his (the assistant's) wife had begun precipitating and he'd only done what needed to be done. Dr. Barhoush agreed.

Dr. Soto and Dr. Guerrero said they would take action based on the credentials of the individual assistant.

In another complaint, Dr. Guerrero said that when three new cardiological monitors were purchased for the hospital, the medical staff had been allowed no input in the selection process. Lennon said the nursing staff had made the decision.

"The medical staff," Dr. Guerrero said, "has been overpassed in every major decision in the past year."

## Raiders win two of three games

BELLE GLADE—The Glades Central boys varsity basketball team lost to North Shore's Mustangs, 67-55 Tuesday night but added a 74-54 thumping of St. Thomas Aquinas and a 77-69 win over Clewiston during the week to go two for three during the week.

Coach Jay Seider said the Raiders got off to a bad start against North Shore Tuesday, trailing the Mustangs, 22-10 at the end of the first quarter. "We played them even for the rest of the game," he said, "but we couldn't gain on them."

Charles Sears was the leading scorer for the Raiders, making 15 points and seven rebounds. He was

followed by Sam Anderson with 14 points and four rebounds, Torrence Gardner with six and four, Sam Smith with four and five, Jessie Hester with four and three, Ernest Bussie with four and one, Willie Rivers and Harry Adley with two points each and Eugene Wells with one point and one rebound.

"The St. Thomas game Friday," Seider said, "was probably one of our better games this year. We shot well and it was our fifth consecutive win."

Gardner led the scoring with 21 points and four rebounds, followed by Anderson with 14 points and 11 rebounds, Sears with eight and 11, Smith with six and three and Eugene Wells, Rivers and Adley with two and two each.

The Raiders won Saturday's game against Clewiston at a time when Clewiston was ranked number two in the state in Class AA play.

"Hester had a real good game," Seider said. "He sank 13 of 15 shots, made seven rebounds, four assists and five steals."

Hester's 24 points was enough to lead the Raiders. He was followed by Anderson with 14 points and ten rebounds, Sears with eight and ten, Gardner with eight and one, Smith with eight and three, Wells with six and seven, Bussie with three and four and Rivers with two points.

The Raiders next play Jupiter at home on Friday. They then play Cardinal Newman in an away game next Tuesday and a Clewiston next Friday.

## Election

Cont. from P1

no one else had picked up a candidate's packet.

City residents who wish to vote in the election, and who haven't yet registered, have until Feb. 1 (Friday) at the close of business at 5 p.m. Registration can be accomplished either at city hall or at the Palm Beach County Glades Office Building.

Candidates have until Feb. 23 to qualify to run for the two at-large seats.

Should a runoff be required in one or both of the two races, it will be held Mar. 11, the same date as the presidential primary.

Before the bulldozer began its work this old vacant for years, cited as uninhabitable by the rooming house on Rardin Avenue had been city.

After the bulldozer had finished, the rooming house was reduced to this pile of rubble which was soon carted away to be burned.

## Pahokee's building inspector He's a prime mover

By AILSA DEWING

Phelix Slonaker, Pahokee's building inspector, is justly proud of the role he's playing in ridding the Rardin Avenue section of some of its shacks and tenements.

Since last October he's relocated some 25 families in cleaner, adequate housing and for the past week he's been on hand as a bulldozer toppled 17 ramshackle buildings from 3rd Street south to 5th

Next to disappear will be slum houses offering sordid shelter to the elderly in the Rardin Avenue area. Pahokee Building Inspector Phelix Slonaker will begin inspections next week on unfit housing such as this.

Staff photo by Ailsa Dewing

**'The landlords  
rob the people.  
It's a shame'**

Street.

But Slonaker's post as building inspector is only incidental to the larger job he's doing. His principal role as a prime mover is as chairman of the Palm Beach County Community Development Advisory Board, and as a volunteer in the federal aid program which is funding a variety of improvements under the Community Development Block Grant (CDBG).

Pahokee is one of nine target areas within Palm Beach County receiving CDBG funds. So far, the funding has made possible a 14-acre park and added a ramp and elevator to City Hall to give the handicapped access to the building.

But the Rardin Avenue project is the biggest yet for the city.

Some of the demolished buildings were vacant but others had been occupied until they were condemned by the city. All were owned by non-resident landlords.

"The landlords rob the poor people. It's a shame," Slonaker comments.

Some landlords did volunteer to have their buildings razed, however, Slonaker reports. Under the CD program, the buildings are demolished using

It's a pushover when a bulldozer heads into a ramshackle structure condemned by the city as unfit for human habitation.

Photos by Phelix Slonaker

government money and the owners can get substantial assistance in rebuilding more adequate housing.

It's lack of available housing that has delayed the demolition, Slonaker says, since all families had to be relocated before hand.

"We don't just throw them out on the street," he says.

As chairman of the countywide CD Advisory Board, Slonaker is involved in block grant projects ranging from Jupiter to Boynton Beach, helping to set up the citizen participation meetings and public hearings which precede the actual construction.

"I'm out at meetings about every other night," says Slonaker who is serving his third term as board chairman.

Under the CDBG program, the impetus for improvements comes from Neighborhood Citizens Committees who make recommendations on what's needed. The CD program itself is carried out under the direction of the county commissioners.

In February the Pahokee committee will meet to begin making its recommendations

Prime mover p. 5B

Are you worried about what your children are watching on the boob tube these days? Well, according to the National Federation for Decency, we have a lot to worry about.

Seems NBC leads the race as the network to increase the number of skin scenes. ABC heads the ranks for the top sex-oriented network and CBS was the top user of profanity. And get this, Proctor and Gamble was the number one sponsor of both sex and profanity for the second year in a row, according to the report.

Seems the program Soap walked away with the title of "The Least Constructive Program on Television."

Before you begin to think all is lost, however, here is some good news. Little House on the Prairie was rated the

## FROM THE GRAPEVINE

By BRENDA BUNTING

most constructive program on television today. So much for the good newzzzzzz. Time to shut off the tube and get some shut eye, if that's all there is.

\*\*\*\*\*

Deciding to diet in this office takes the willpower of a saint. Ever since Christmas with its turkey, dressing, pecan pies and other fattening things, I have been trying

to rid myself of bulges where there should be planes.

Today almost did me in though when one of our staffers brought in a pan of brownies. "No thanks" I said, "I'm on a diet."

"Well, they'll be there if you decide you want one later," she said, (with an evil grin, I might add.)

Later in the day, after having only drunk some V-8 for lunch (you know, Gee, I should've had a V-8) I decided I couldn't take it any more and dove into her office ready to devour at least two in one bite. Thank God, someone with the munchies had beat me to them and there was nothing left but crumbs.

Well, crumbs can't have too many calories in them can they? Wonder how many calories I ate?

# Taking it From the Top

By REV. DAVID T. EVANS  
Everglades Presbyterian Church

"Then Peter came up and said to him, 'Lord, how often shall my brother sin against me, and I forgive him? As many as seven times?' Jesus said to him, 'I do not say to you seven times, but seventy times seven.'" (Matthew 18:21,22).

Jesus was not saying forgive someone 490 times, but forgive without number. Perhaps you can also understand the man you are forgiving.

Another factor beside understanding is the matter of principles. A person may have a problem with his own principles.

The Pharisees felt that the principle of Sabbath observance was more important than Jesus' compassion for the blind man. Although Jesus had given sight to the blind, he had violated the Sabbath.

Jesus not only said forgiveness should not be counted but you must forgive so that you will be forgiven. Also forgive as your Father in heaven has forgiven you.

The concept of forgiveness involves the acceptance of Jesus' love which provides the possibility of forgiveness. Jesus paid the price of forgiveness of sins. He was the one

who made right again the relation between God and man.

God set up the possibility of forgiveness because he understood not only our need but our vulnerability to misunderstanding.

Misunderstanding is the long suit of people with freedom of choice. We make the wrong choice and hurt others needlessly. We make the wrong choice or say the wrong things and we have a misunderstanding.

Again we may try to do the right things and try to say the right things, and our motives are misinterpreted, and we have misunderstanding.

Forgiveness which is motivated by love must include really understanding. Even when there is not a matter of forgiveness, understanding must cover emotional or verbal mix-ups.

The factor of principle is a point which should be brought up. We speak of principles and their importance. It is sort of like pride—sometimes the concept is false and empty.

In Christianity and in the Christian life, understanding, acceptance and forgiveness are of more

importance than standing on a principle. Compassion was more important to Jesus than obeying the injunction not to work (healing was considered work) on the Sabbath.

Many people have an image of what the Church should be. If that image is not conformed to they feel that the leadership is being unchristian, heretical and should be criticized and changed so as to conform to their concept.

One of the problems with principles is that they are only clear in the mind of the formulator. The teachings of Jesus really are not principles, but guidelines for action.

Jesus operated according to the law of love which accepted a person at his own level of life. Jesus, then helped at this point.

Each person is an individual and has his own needs. Love your neighbor as yourself. Forgive as you have been forgiven by God and above all, operate on the principle of love, which is understanding.

God knows us, understands us, forgives and loves us: Let us do likewise!

## Church notes

### Missionary Emphasis Convention

BELLE GLADE—Alliance Church, 425 E. Canal St., will hold its annual Convention of Missionary Emphasis, Feb. 3 through 6.

At services to be held nightly at 7:30, the Rev. David Overmeyer, missionary to Colombia, will discuss the challenge of urban ministries in South America where city populations are doubling each decade.

Miss Judy Gaskin, missionary to Indonesia, will speak on her

ministry of child evangelism in a dominantly Muslim nation and the role of youth ministries in church growth.

Slides and special events will be a part of each service, according to the pastor, the Rev. T. O'Farrell.

The Christian and Missionary Alliance, founded in 1887, is an evangelical denomination of more than 10,000 churches in 47 countries with an overseas staff of some 952 missionaries.

## Area Obituaries

CHARLES E. "BUDDY" LUTZ

BELLE GLADE—Funeral services for Charles E. "Buddy" Lutz, a pioneer who came to the Glades 48 years ago from Illinois, were held at 2 p.m. today at the Mixson Funeral Chapel with the Rev. Mark O'Farrell, pastor of the Belle Glade Alliance Church, officiating.

Mr. Lutz, 59, was born in West Frankfort, Ill. He made his home at 1108 West Canal St. South and died Tuesday morning, Jan. 29 at Good Samaritan Hospital in West Palm Beach.

During World War II, he served in the U.S. Navy in the Asiatic Pacific Campaign and also the European Theater Campaign. He worked as a contractor for many years. He was a member of the American Legion of Belle Glade, the Elks Club #1716 and past member of Masonic Lodge #273 in Belle Glade.

Survivors include his widow, Betty Lutz of McKenzie, Tenn.; one son, Charles Edward Lutz III of McKenzie, Tenn.; one daughter, Linda McMillan of Belle Glade, one brother, Wallace K. Lutz of Belle Glade and four grandchildren.

Casketbearers included Sandy Sandoz, L.C. Crews, Stanley Cross, Skipper Poole, Herbert Priest and Barney Smith. Honorary casketbearers were Clyde "Racey" Parrish and James Smith.

Entombment was in Foreverglades Mausoleum Gardens in Belle Glade. Mixson Funeral Home was in charge of arrangements.

SHIRLENE AGNEW HUMPHREY

SOUTH BAY—Funeral services for Shirlene Agnew Humphrey, 38, a 26 year resident of the Glades, were held Tuesday, Jan. 29 at the First Baptist Church of South Bay with the Rev. Paul W. Murray, pastor, officiating.

Mrs. Humphrey, of 160 N.W. Second Ave., died Saturday morning as the result of an auto mishap. She was a native of Peach Orchard, Mo. She attended the South Bay Baptist Church. At the time of her death, she was employed at South Bay Growers, Inc.

Survivors include her mother, Inise Hartwick of South Bay; her husband, Floyd Humphrey of South Bay; one son, Agnew of Belle Glade; one daughter, Vickie Agnew of Belle Glade; one brother, Roger Hartwick of Belle Glade; two sisters, Carol Madden of Atlanta, Ga. and Beverly Hartwick of Belle Glade.

Palbearers were Basil Cook, Gene Woodham, Larry Gilmore, James Smith, John Stoker and Billy Johnson. Burial was at Port Mayaca Cemetery in Martin County. Mixson Funeral Home was in charge of arrangements.

## Guarded Treasure

What infinite pains we take to guard our valuable possessions! Yet not all our possessions can be given protection in a safe. What about the priceless treasure which each of us possesses — our eternal happiness?

To safeguard this great treasure, where can we go?

The answer lies in the Church. It gives us the combination that opens the door to our spiritual riches — the combination of faith and good works. The Church guards and guides us along the way that leads to the treasure — the way led by Jesus, our Savior. It invites everyone to join in service to God and to our fellowmen. In this way, we inherit new riches of the spirit that no man or circumstance can steal or destroy.

## Three-night revival is success

BELLE GLADE—Minister Tuck Andrews said the Belle Glade Church of Christ at 125 N.W. Ave. D broke attendance records all three nights of a recent revival, including those for the number of children and young people present.

"We would like to thank everyone of this area," Minister Andrews said, "for helping us break all previous records in our revival. Brother Ira North preached three beautiful and scriptural sermons."

He said the first sermon was on the conversion of the Ethiopian eunuch, emphasizing the open opportunity, the open mind, the open pool and the open confession. Minister Andrews said the second sermon was on "The Amazing Grace of God" and the third was on the "Sin of Do-nothingness."

"Brother North brought these great lessons in a special way that we will never forget them," he said. "We will always be indebted to all the good people of this area who came to hear Brother North bring these fine Bible lessons."

Minister Andrews cited the local merchants for allowing posters to be placed in their windows. He said a special winter visitors day will be coming soon and said all winter visitors of all faiths are invited.

## Boat wakes cause mishaps

A word of warning to Glades area boat operators has been issued by H. A. Beeks of Flotilla 55, US Coast Guard Auxiliary, following two boating accidents this month.

"The greatest single cause of collisions afloat," said Beeks, "is not following marine rules of the road."

Prudent skippers should watch their wakes, according to Beeks. "A big wake can easily upsize a small craft or damage boats or property along the shore."

"Boats are responsible for damage, injury or death caused by their wake," Beeks warned, adding that boats should only cruise at minimum speed around docks, anchorages and especially narrow channels.

Palm Beach County

Q. Will you give me some instructions on how to plant trees?

Chances of a successful tree planting may be increased by mulching and staking or guying the tree.

Mulch applied around a newly-set plant reduces soil temperature fluctuations, prevents crusting of the soil, conserves moisture and helps to control weeds.

Common mulch materials include leaves, pine needles, compost, bark, wood chips and bagasse. Peat should not be used since once dry it is very difficult to wet and may restrict water movement into the soil.

Inorganic materials like gravel and crushed stone can also be used. Some organic mulches, like fresh sawdust, are decomposed rapidly by soil micro-organisms. These micro-organisms move nitrogen

## Inquiring Gardener

from the soil, and when soil nitrogen has been depleted, plants become deficient and turn yellow.

Application of additional nitrogen fertilizer to the mulched area will prevent this problem.

Keep a small circular area around the stem of plants free of mulch. Mulches against the stem of many plants may increase the chance of stem rots.

Trees or shrubs with a large canopy can be injured by winds before their roots become established. Many need to be staked until the roots anchor the plant. Even slight root ball movement can break new roots and slow plant establishment. Stakes can also protect tree trunks from mower injury.

Trunk movement is necessary for the development of a strong and well-proportioned trunk. Rigid staking and guying will interfere with trunk movement and reduce proper supportive tissue.

Staking should allow some trunk

movement, however, the stakes should be rigid. Ties should be somewhat flexible and at one level on the stem.

Trees with trunk diameters less than two inches can usually be supported by a single 2x2-inch wood stake. Trees two to three inches in diameter require two to three stakes for good support. The stakes should be placed next to the soil ball and 18 inches below the soil ball before the tree is planted.

The length of the stakes should be determined by the height of the tree. They should be as short as possible yet tall enough to hold the tree upright.

The tree can be attached to the supporting stakes with hose-covered cable or wire. Check ties periodically for tree injury and to determine if support is still needed. Larger trees, four inches or larger in diameter at chest height, should be guyed with three or four wires or cables. The guy wires are secured to deeply driven short

stakes evenly spaced six to eight feet from the base of the tree. Guy wires should be run through rubber boots and attached to the trunk at only one level.

Secure the guy wires to the stakes so they may be tightened periodically. Guy wires can be kept tight by twisting the wires or by using turnbuckles.

Mark the support wires with bright materials to prevent accidents. Frequent inspections will determine when the supports are no longer needed.

Large transplanted palms require support if not deeply planted. They can be supported with guy wires or wood supports. Wood supports should not be nailed to the palm. Instead, wrap three boards about four feet long in 20 layers of burlap and fasten these to the trunk of the palm with wire. Then nail support posts to the padded boards being careful that the nails do not penetrate into the trunk of the tree.

At Clark Oldsmobile...

It's not necessary to sacrifice room, comfort and safety to get good fuel economy. Any new 1980, Cutlass, or full-size Oldsmobile is available with V-8 diesel power, and, depending upon the model, you can go as far as 917 miles on a single tank of fuel.

Clark Oldsmobile is the largest diesel dealer in the U.S.A. We have diesel cars available NOW! No waiting. So don't be lulled into the trap of thinking that only small is economical. Drive a roomy, efficiency-engineered Olds that we've had built for you!!!

So, for the new or used car you've been looking for, call Neil at 305/832-2853 in West Palm or 305/996-4330 in Belle Glade. So Habla Espanol.
